Are you ready to learn how to
MAKE MONEY using the internet?

GET STARTED TODAY

Top Recommended Resources

A quick review of all the excellent tools mentioned in [Blogging for Money](#) book. This is by no means the end of all the resources available to make money blogging. These are a good start and ones that I like.

A quick tip for you, based on my own experience and tendency to be [VERY] easily distracted - I have more success when I focus on only a few products at a time.

Miscellaneous Management Tools

ManageWP

ManageWP: This tool will manage several niche websites for you. It takes HOURS to update plugins, WordPress updates and theme updates. If you have more than 5 websites this plugin is worth it's weight in GOLD! [ManageWP](#)

Keyword / Niche Research Tools

Wordtracker: Excellent keyword research tool and more. Great for longtail suggestions as well as information on competition and finding higher performing words. [Wordtracker](#)

LongTailPro: Manage all your long tail hidden gems to drive quality traffic to your site. Great tool, runs multiple keyword searches at once, competitor analysis and compare with Google results. [LongTailPro](#)

Competitor Analysis and Research Tools

SEMRush: is an advanced keywords/competition research SEO software from the makers of the popular SEOquake. In a nutshell, it gives you a bird's eye view on how your site is doing in Google search engine rankings, as well as takes a look at what your competitors are doing, [both in organic results and AdWords.](#)

Follow.com: Competitive intelligence software that makes it simple to see what others are doing on the internet. including Compete, Alexa, SEMRUSH, WHOIS and more. [Follow](#)
